

▼ 2.6/03

Isolation Body

Cylindrical stainless steel container
bases deep-drawn, body rounded,
beads rolled, edges calibrated,
body seam and cover butt-welded,
smoothed and polished, base roll-seam-welded

2.1 Lidded drum

- smooth-walled
- with clamping ring lid unit
- without base ring

7.3 Base

- conical

7.1 Body

- with stiffening beads
- for form-fit grip
- outward edging as a solid base ring
- unremovable connected to drum body
- not stackable

7.3 Base

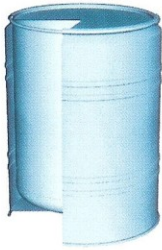

- flat

7.8 Accessories

- handles
- label holders
- wheels

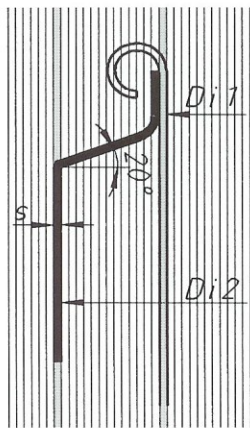

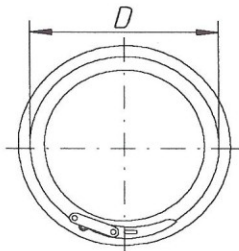

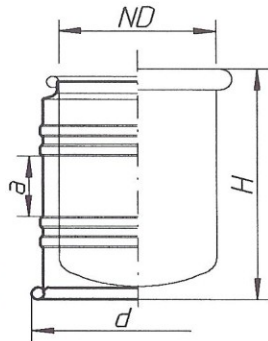

Isolation Body

2.6/03 ▼

Material:
Body and base in stainless steel AISI 304
Surface:
Inside rolling quality IIIc
Outside brushed Scotch Bride 100
